Basics

CM/ECF is the new electronic case management and electronic case files system for the federal courts. It provides federal courts enhanced and updated docket management. It allows courts to maintain case documents in electronic form. It gives each court the option of permitting case documents -- pleadings, motions, petitions, orders -- to be filed with the court over the Internet.

This manual provides instructions on how to use the Electronic Filing System to file documents with the court, or to view and retrieve docket sheets and documents for all cases assigned to this system. Users should have a working knowledge of Netscape and Adobe Acrobat.

Basics - Electronic Access

A key feature of the CM/ECF system is that it provides unprecedented access to up-to-the-second docket sheets as well as to the documents themselves over the Internet through the Court's electronic filing web site.

Basics - Electronic Filing

Another key feature of the CM/ECF system is that it accepts documents filed electronically over the Internet. While it is not necessary that documents be filed electronically to have them entered into the CM/ECF system, electronic filing is strongly encouraged by the Court.

Basics - Electronic Noticing

A third key feature of the CM/ECF system is that it provides immediate e-mail notices to all counsel involved in a case whenever a document is filed. To receive electronic notice of filings, attorneys must be registered to file electronically and must have the e-mail noticing feature of their Court account turned on.

Basics - Fees

There is no cost to court personnel to use CM/ECF. Electronic access to court data by the public is available through the Public Access to Court Electronic Records (PACER) program. Attorneys and litigants receive one free copy of documents filed electronically in their cases; additional copies are available for viewing or downloading at seven cents per page. Directed by Congress to fund electronic access through user fees, the judiciary has set the fee at the lowest possible level sufficient to recoup program costs.

Basics - Signatures

The Clerks Office will issue login ID's and passwords for CM/ECF. Instead of physically signing documents, CM/ECF users must type "**s/**" followed by their name on the signature line. For example, attorneys shall file documents electronically with signatures indicated as "s/Jane Doe" or "s/John Doe". This in

combination with your login and password constitutes your signature when filing a document.

Basics - Sealed Documents

Continue to file sealed documents with the Court Clerk's office in accordance with the existing practices and procedures for conventional filing.

Basics - User Interactions

There are three general types of user interactions allowed by the system:

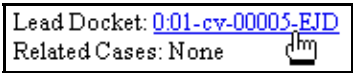

- Entering information in data fields
- Using command buttons to direct system activities
- Mouse-clicking on hyperlinks

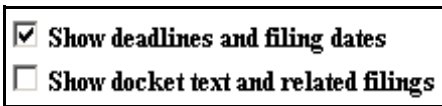

Basics - Conventions used in this Manual

- Data to be entered by the user is shown enclosed in angle brackets: <data to be entered>.
- Command buttons are represented in this manual in **[bracketed boldface type]**.
- Hyperlinks are represented in **underlined boldface type**.

Basics - Windows Terminology

There are several Windows features that you will see throughout CM/ECF.

Feature	Example	Function
Hyperlink		Clicking on a hyperlink will take you to the link.
Button		Left click once to perform the function listed.
Drop Down List		Click on the down arrow to activate the drop down list. Make your selection by left mouse clicking on the option once. Some menus will allow multiple selections by holding down the Control (Ctrl) button on the keyboard and left clicking the items.

List Box		Scroll through this list using the up or down arrows. Make your selection by left mouse clicking on the option once. Some menus will allow multiple selections by holding down the Control (Ctrl) button on the keyboard and left clicking the items.
Radio Button		Click on the option you want. You may only select one.
Check Box		Check/uncheck each item to turn it on/off. Multiple check boxes can be selected.

Basics - Selecting Multiple Items (Ctrl-Click)

The Windows Operating system allows you to select multiple items by using the Control-Click (**Ctrl-Click**) method. CM/ECF takes advantage of this feature. For menu options that allow it, you can select multiple items by:

1. Left click once on the first item you want to select
2. Hold down the Control key (Ctrl) on your keyboard and simultaneously select the next item you want by left clicking it with the mouse
3. You can select additional items by repeating step 2.

Basics - User Manual

You can download or view the most recent version of the CM/ECF Users Manual for Attorneys (in PDF format) from the Court's public website at <http://www.uscfc.uscourts.gov>.

Basics - General Navigation

Many screens have the following two buttons:

-  clears **all** characters entered in the box(es) on that screen.
-  accepts the entry just made and displays the next entry screen, if any.

Basics - Correcting a Mistake

Use the **Back** button on the Netscape toolbar to go back and correct an entry made on a previous screen. Docket transactions are not complete until the final "Next" button is clicked. However, once the document is transmitted to the court, only the court can make changes or corrections.

Basics - Documents Filed In Error

The most common errors in electronic filing are:

- Posting the wrong PDF file to a docket entry
- Selecting the wrong document type from the menu
- Entering the wrong case number and not discovering the error before completing the transaction.

The ECF system does not permit you to change the misfiled document(s) or incorrect docket entry after the transaction has been accepted.

Contact the Clerks Office at 202-219-9657 immediately to report the error. You will need to provide the case and document numbers for the document requiring correction. If appropriate, the Clerk's Office will make an entry indicating that the document was filed in error. You will be advised if you need to re-file the document.

Basics - How to Access the System

Attorneys can access CM/ECF via the Internet by using Netscape to go to <https://ecf.cofc.uscourts.gov>. The training database is located at <http://ecf-train.cofc.uscourts.gov>.

Basics - Help Desk

For assistance with CM/ECF, you can contact the Court's Help Desk between the hours of 8:45 a.m. and 5:15 p.m., Monday through Friday. The number is **202-219-9657**. You can also send email to uscfc_cmecf@ao.uscourts.gov.

Basics - ECF System Capabilities

The electronic filing system allows registered participants with Internet accounts and Netscape software to perform the following functions:

- Open the Court's web page
- View or download the most recent version of the User's Manual
- Self-train on a web-based ECF Tutorial
- Practice entering pleadings into ECF using a "training" database that is similar to the official live ECF database
- Electronically file pleadings and documents in actual ("live") cases
- View official docket sheets and documents associated with cases
- View various reports for cases that were filed electronically

Basics - Hardware and Software Requirements

Filers will need the following hardware and software to file documents in the CM/ECF electronic filing system:

- A personal computer running a standard platform such as Windows or Macintosh.
- A PDF-compatible word processor like Macintosh or Windows-based versions of WordPerfect or Word.
- Internet service.
- Netscape Navigator version 4.6 or 4.7. Netscape 6 is not recommended for use with CM/ECF. Internet Explorer is not recommended.
- Software to convert documents from a word processor format to portable document format (PDF). Adobe Acrobat PDF Writer is recommended. Acrobat Writer Version 3.X, 4.X and 5.0 adequately meet the CM/ECF filing requirements.
- Adobe Acrobat Reader, which is available for free, is needed for viewing PDF documents.
- A scanner may be necessary to create electronic images of documents that are not in your word processing system. Note, scanning should be used only when an electronic version cannot be created. Scanned PDF files are considerably larger than PDF files created by electronic means.

Basics - PACER Registration

ECF users must have a PACER account with the Court in order to use the Query and Report features of the ECF system. If you do not have a PACER login, contact the PACER Service Center to establish an account. You may call the PACER Service Center at (800) 676-6856 or (210) 301-6440 for information or to

register for an account. Also, you may register for PACER online at <http://pacer.psc.uscourts.gov>.

Basics - Attorney Registration

In order to file documents electronically and to receive e-mail notices of documents that are filed, attorneys must be admitted to practice before the Court and must be registered to file electronically. Upon registration, attorneys will be provided with an identification name and password that will allow access to the system. The identification name and password will also serve as the attorney's signature for all documents that are filed electronically. Registration forms can be obtained on the court web site at <http://www.uscfc.uscourts.gov/cmecf/> or by calling the court.

Completed registration forms should be mailed to:
U.S. Court of Federal Claims
Clerks Office
Attn: ECF Attorney Registration
717 Madison Place, NW, #103
Washington, DC 20005

Once an account has been established, your login and password will be sent to you by the Office of the Clerk by regular, first-class mail. Registered users can visit a training version of the system on the Internet at <https://ecf-train.cofc.uscourts.gov> to practice ECF activities. We strongly recommend that registered users practice in the "training" ECF database before filing documents in the "live" ECF database.

Basics - Setting Up the Acrobat PDF Reader

Users must set up Adobe's Acrobat Reader software in order to view documents that have been electronically filed on the system. All pleadings must be filed in PDF format. When installing this product, please review and follow Adobe's directions to utilize Acrobat Reader after installation.

Basics - Portable Document Format (PDF)

Only PDF (Portable Document Format) documents may be filed with the court using the ECF system. Before sending the file to the court, users should preview the PDF formatted document to ensure that it appears in its entirety and in the proper format.

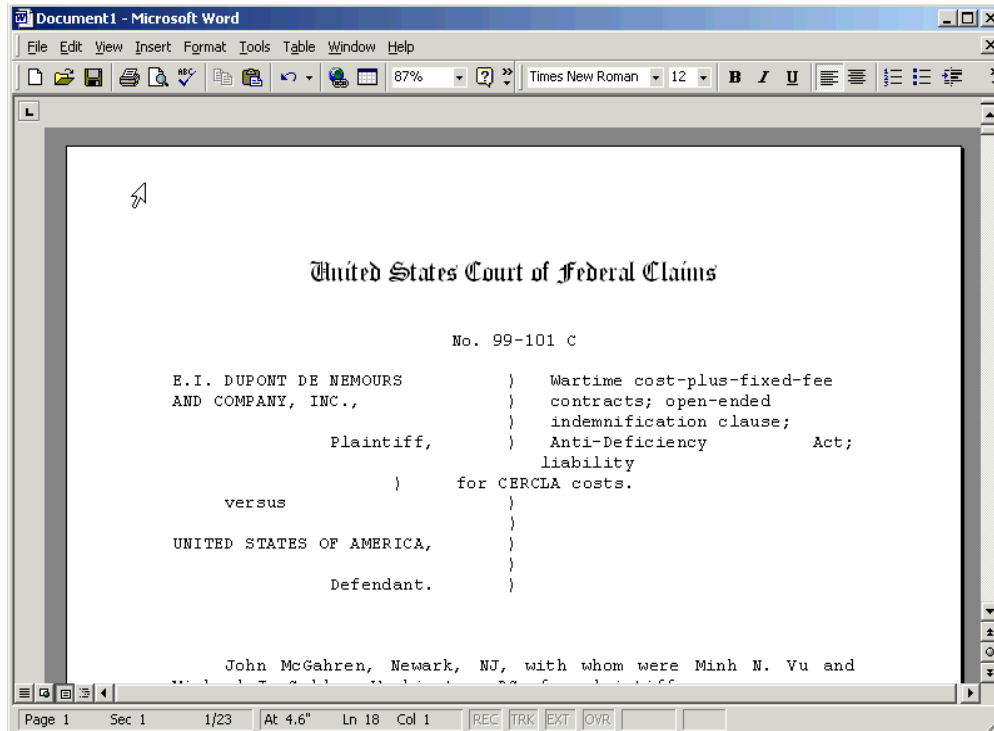

You must convert all of your documents to PDF format before submitting them to the Court's Electronic Case Filing (ECF) system. The conversion process requires special software such as Adobe Acrobat Writer or FinePrint pdfFactory. WordPerfect versions 9 and 10 have Acrobat Writer built-in and can also be used to convert documents to PDF.

Basics - How to View a PDF File

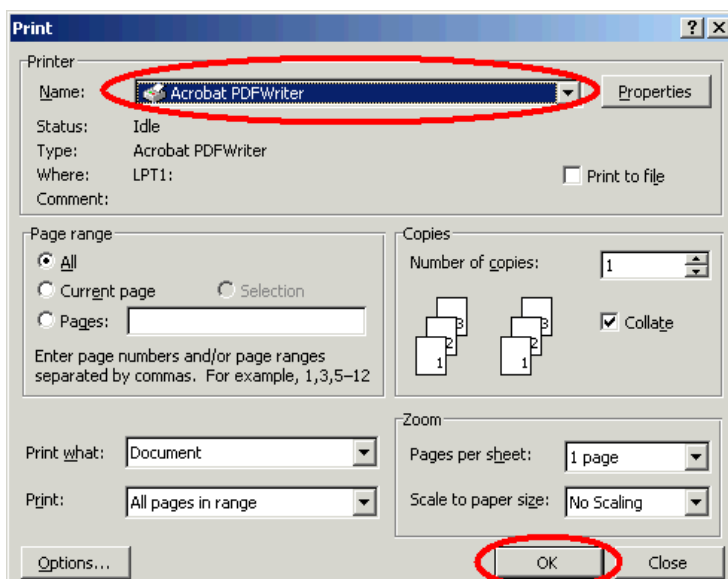

- Start the **Adobe Acrobat** program.
- Go to the **File** menu and choose **Open**.
- Click on the location and file name of the document to be viewed.
- If the designated location is correct, and the file is in PDF format, Adobe Acrobat loads the file and displays it on the screen.
- If the displayed document is larger than the screen or consists of multiple pages, use the scroll bars to move through the document.
- Click on the **View** menu for other options for viewing the displayed document. Choose the option that is most appropriate for the document.

Criminal- The Criminal portions of CM/ECF have been deactivated for the Court of Federal Claims.

Query- Query ECF by specific case number, party name, or nature of suit to retrieve documents that are relevant to the case. You must login to **PACER** before you can query ECF.

Civil

Registered filers will use the Civil feature of ECF to electronically self-file and docket with the Court a variety of pleadings and other documents for civil cases. See the list of ECF documents at the back of this manual. This section of the manual describes the basic steps that you need to take in order to file a single motion with the Court. The process is consistent regardless of the event.

Civil - Filing a Civil Complaint

The Court will not accept complaints filed electronically. Complaints must be filed in the traditional manner. If the case meets the criteria for electronic filing, the Clerk's Office will scan the complaint, open the case as an ECF case, and notify all parties.

Civil - Filing Documents for Civil Cases

There are eight basic steps involved in filing a document:

1. Select the type of document to file (see Attorney Event Menu);
2. Enter the case number in which the document is to be filed;
3. Designate the party(s) filing the document;
4. Specify the PDF file name and location for the document to be filed.
5. Add attachments, if any, to the document being filed.
6. Modify docket text as necessary
7. Submit the pleading to ECF
8. Receive notification of electronic filing

After successfully logging into ECF, follow these steps to file a pleading.

1. Select the type of document to file

ECF accepts the party or parties you selected and refreshes the screen to display a new **Motions** screen depicted below. ECF displays a field for locating and entering the PDF file of the document (pleading) you are filing in ECF.

Note: It is imperative that you attach an electronic copy of the actual pleading when prompted by the system. All documents that you intend to file in ECF **MUST** reside in **PDF** format. Otherwise, ECF will not accept the document and users will be unable to retrieve and read your document from within ECF.

The image shows the ECF (Electronic Case Filing) interface. At the top is a blue header with the ECF logo and navigation links for Civil, Criminal, and Query. Below the header, the word "Motions" is displayed in blue. Underneath, there is a blue hyperlink that reads "0:01-cv-00002-EJD Mountain v. USA". Civil - E-Mail Notification of Documents That Were Filed

After a pleading is electronically filed, the ECF System sends a **Notice of Electronic Filing** to the designated attorneys and parties who have supplied their E-mail addresses to the Court. Individuals who receive electronic notification of the filing are permitted one "free look" at the document by clicking on the associated hyperlinked document number embedded in the **Notice of Electronic Filing**. The filer is permitted one free look at the document *and* the Docket Sheet to verify that the pleading was properly docketed. The Court strongly urges you to copy the **Notice of Electronic Filing** *and* pleading documents to your hard-drive for future access. Subsequent retrieval of the case docket sheet and pleading from CM/ECF must be made through your PACER account and is subject to regular PACER fees.

Civil - Add/Create a New Party

In rare cases you may need to add a party to the ECF system. If the party you represent is not listed in the "Select a Party" screen, click on **Add/Create New Party**. The screen depicted below will appear.

The screenshot shows the ECF system interface. At the top is a blue header with the ECF logo and navigation links for "Civil" and "Criminal". Below the header, the text "Search for a party" is displayed. There is a text input field labeled "Last/Business name". Below the input field are two buttons: "Search" and "Clear".

You must first perform a search to see if your party is already entered on the ECF system. Type the first few letters of the party's last name for an individual, or the first few letters of the company name. Click **[Search]**.

If a match is found, ECF will display a list of party names. If the name of the party you represent appears in the list, click on it and then click **[Select name from list]**. Review the party information and select the party's role in this filing. Click **[Submit]**.

The screenshot shows the ECF system interface after a search. The header is the same as the previous screen. Below the "Search for a party" section, there is a "Party search results" section. This section contains a list box with three entries: "Smith, Don", "Smith, Joe", and "Smith, Tom". Below the list box are two buttons: "Select name from list" and "Create new party".

If a match is not found, or your party does not appear in the list, click **[Create new party]**. ECF displays the following screen.

The screenshot shows the ECF web interface with a blue header containing the ECF logo and navigation links: Civil, Criminal, Query, Reports, and Utilities. Below the header is the "Party Information" section for "Don Smith". The form includes the following fields:

- Role:** A dropdown menu with "Plaintiff (pla:pty)" selected.
- Pro se:** A dropdown menu with "no" selected.
- Office:** A text box containing "Some Office".
- Address 1:** A text box containing "123 Main Street".
- Address 2:** An empty text box.
- Address 3:** An empty text box.
- City:** A text box containing "Washington".
- State:** A dropdown menu with "DC" selected.
- Zip:** A text box containing "20005".
- County:** A dropdown menu.
- Country:** A text box containing "USA".
- Phone:** A text box containing "202-555-5555".
- Fax:** A text box containing "202-555-6666".
- E-mail:** A text box containing "SmithD@SomeOffice.com".
- Party text:** A large empty text area.
- Start date:** A text box containing "12/9/2002".

At the bottom of the form are three buttons: "Submit", "Cancel", and "Clear".

- For a company, enter the entire company name in the **Last Name** field. Choose the appropriate **Role** from the drop down list. Click **[Submit]**.
- For an individual, fill out the **Last Name, First Name, Middle Name, Generation** and **Title** fields as appropriate. Choose the appropriate **Role** from the drop down list. Click **[Submit]**.
- Leave all other fields blank.

Civil - Linking Documents (Refer to existing event)

Some pleadings such as Briefs and Indexes should be "linked" to their related documents in the case. When filing these and certain other types of documents you will be presented with the following screen.

The screenshot shows a form titled "Refer to existing event(s)?" with a checkbox. Below the checkbox are two rows of input fields:

- Filed:** A text box followed by "to" and another text box.
- Documents:** A text box followed by "to" and another text box.

An "event" in CM/ECF is anything that has been filed in a case. To link the document you are currently filing to a previously filed document, check the box in front of **"Refer to existing event(s)?"** and click **[Next]**.

This screen requires that you filter the list of documents in the case by the type of document that you want to link to. The type list appears in alphabetical order. Document types in this list are the same as the types listed in the main filing menu. For example, to link to a Brief, you would choose the type "Oth_Doc" because Brief appears in the "Other Documents" section of the main menu. You must choose a type on this screen. You also have the option of entering filed dates or document numbers if you would like to further narrow your search. Once you select the type of document and click **[Next]** you are presented with a list of documents that match your search criteria. For this example we have selected Motion as the type.

Click the checkbox for the document you wish to link to and click **[Next]**.

Query

Registered participants should use this feature to query the Electronic Case Filing (ECF) system for specific case information. To enter the Query mode, click on **Query** from the **Blue** menu bar of ECF.

ECF opens the **PACER Login** screen. You must enter your **PACER** login and password before ECF permits you to query the ECF database.

A screenshot of the PACER Login screen within the ECF system. At the top is a blue header with the 'ECF' logo and a menu bar containing 'Civil', 'Criminal', 'Query', 'Reports', and 'Utilities'. Below the header, the title 'PACER Login' is displayed in blue. The main content area has a white background and contains the following sections: a 'Notice' section stating the site is for official court business only; an 'Instructions' section explaining the login process and providing a registration link; and an 'Authentication' section with three input fields labeled 'Login:', 'Password:', and 'Client code:'. The input fields are highlighted with a yellow background.

Note: Your PACER login and password are different from your ECF login and password. You must have a PACER account in order to retrieve, view, and print certain documents. You will be charged the standard PACER fee to access documents, docket sheets, etc. from ECF. After you enter your PACER login and password, ECF opens a Query data entry screen as depicted below.

If you know the number that the Court has assigned to the case, enter it in the **Case Number** field and click on the **[Run Query]** button. ECF opens the query screen depicted in Figure B on the next page.

The ECF Query screen features a blue header with the ECF logo and navigation links: Civil, Criminal, Query, Reports, and Utilities. The main content area is titled 'Query' and contains a yellow search form. The form includes fields for 'Case Number' (with examples 99-500 and 1:99cv500), 'Filed Date' (with a 'to' field), 'Last Entry Date' (with a 'to' field), 'Nature of Suit' (a dropdown menu with options: 0 (zero), 100 (Contract - Construction (CDA)), and 102 (Contract - Fail to Award (CDA))), 'Last Name' (with examples Desoto and Des't), 'First Name', 'Middle Name', and 'Type' (a dropdown menu). At the bottom of the form are 'Run Query' and 'Clear' buttons.

You may query the ECF database by the name of a party or an attorney to the case. Enter the last name of the party in the appropriate field. If more than one person with that name is in the database, ECF returns a screen from which to select the correct name. If you click on the name of the party, ECF will open the query screen depicted in Figure B. If the individual is a party to more than one case, ECF will open a screen listing all of the party's cases (Figure A). Click on the case number hyperlink and ECF opens the query screen depicted in Figure B.

Figure A

The 'Select A Case' screen has a blue header with the ECF logo, navigation links (Civil, Criminal, Query, Reports, Utilities, Logout), and a yellow question mark icon. The main content area is white and displays the title 'Select A Case' and the message 'This person is a party in 5 cases.' Below this is a table listing five cases with hyperlinks for the case numbers.

Case Number	Party	Filed Date
0:98-cv-00555-EJD	WDC v. USA	filed 10/03/98
0:01-cv-00005-EJD	WDC	filed 10/30/02

1:01-cv-00020-JPW	WDC v. USA	filed 11/27/02

After querying the database by case number, name, or nature of suit, ECF opens the **Query** window for the specific case you selected. See Figure B.

You may also query a case by the nature of suit. You must enter a range for either the filed date or the last entry date in order for the query to run. To search for all cases of a certain type, use the date 1/1/1970 as the "beginning of time." When you run the query, if there is more than one case that meet those criteria, you will get a screen similar to the one in Figure A, but listing multiple case numbers.

Figure B

At the top of the window, ECF displays the case number, parties to the case, presiding Judge, date that the initial claim was filed, and date of last filing for the case. You may choose specific case information from a large list of query options by clicking on the appropriate hyperlinked name on the screen. The following paragraphs describe several of the available case-specific query options.
